The following are the notes and comments from Justin Steinbach taken at the May 23<sup>rd</sup> meeting:

Thoughts on the June 13, 2018 Community:

- Who will do the opening presentation Bob or Dave?
- Justin will provide a large map showing vision for “future land use” which is meant to be proactive not reactive in an attempt to move the Town forward
- Dave asked to have the name of the Coddington Preserve be corrected to: Coddington Preserve

- Cat suggested that Justin keep his recap brief and focus on moving forward
- Sign in sheets have been completed by Cat and she will be prepared to take pictures that evening
- Donna & Sandy will provide comment sheets at each station so guests can respond to the presentation
- It was suggested to invite the Harmony Circle as a group
- Joann commented she likes the present format of 3.0 Vision, Goals, and Objectives
- Suggestion was made to put the section into a spread sheet for the Town Boards use as well as a hard copy
- Justin asked the group to indicate with a code: if any action should be marked as short term, long term or ongoing

Justin asked to have the schedules and submittal dates for the Town Board and Ontario County Planning Board meeting dates in July, hoping to get our “draft” to them and back in time for the August Town Board meeting. Question was raised if an “Executive Summary” was necessary or if the document could stand alone when completed.

The next meeting will be at the Fire Hall for our Community Meeting on June 13, 2018. Group members should arrive between 6:30 and 6:45 p.m.
